Each matriculated full-time PhD student in the iSchool at SU is allocated with travel support each year for a designated amount if the student is the primary presenter of a research paper or poster at a conference. The Dean decides the amount to be used for travel support. For the 2013-14 academic year, the amount is $700. The student is reimbursed 100% (with receipts) up to the amount of the support. No cash advances can be issued. The travel support is available from July 1 to June 30 and expires if not used during this period. That is, there is no carryover of unused amount to the next year.

Eligibility Requirements
To qualify, doctoral students must be matriculated, registered as a full-time student (i.e., registered for 9 credits as a graduate student, hold a graduate appointment, or otherwise certified as full-time), have completed at least one semester of graduate study at Syracuse University, be in good academic standing, and be within the first 5 years of their program. Travel support is only available for presentation of reviewed or invited work at a quality conference. Travel support will not be granted retroactively.

Application Process
To be considered for a School of Information Studies Travel Grant, students must submit:

1) A travel grant application, signed by the student and a full-time faculty member (typically their advisor) supporting the travel. Students who are in their seventh year or greater in the PhD program must have travel approved by the PhD Program Director.

2) Evidence of formal inclusion in the conference program (e.g., letter of acceptance of paper or poster or listing in conference program) and supporting explanation of the importance of this work and travel to their professional and scholarly goals. Students are expected to make all of their travel arrangements.

The student and recommender will be notified by email of the proposal’s approval or denial. If the proposal is approved, the student will be reimbursed for expenses based on travel receipts. A check for reimbursement may be picked up at the IST budget office approximately 2 weeks after receipts have been submitted.

As a condition of receiving the grant, students are expected to post a trip report for the conference to the ISTPHD listserv. Students should submit receipts for travel only after this report is posted.

Guidelines for Expenses
Expenses may include airfare (coach class advance purchase), other travel (e.g., airport shuttle), conference registration (student advanced registration), hotel (room should be shared) and meals. Faculty are encouraged to provide support for PhD student travel from research funds.
PART I: Graduate Student must complete this section

Name: ______________________________________________    SU ID#:   ___________________

Requesting travel support to participate in the following conference to present a paper or poster:

<table>
<thead>
<tr>
<th>Name and Location of Conference*</th>
<th>Dates of Conference</th>
</tr>
</thead>
<tbody>
<tr>
<td>Estimated Expense of airfare $</td>
<td>travel $</td>
